Admiralty House seniors grieve Lady Swan's going from us

Dear Sir John and Family,

My acquaintance with your dear departed wife Lady Swan began years ago when she would bring your toddlers to the Peter Pan Nursery School at Admiralty House.

Our relationship continued when she joined Age Concern to enrich the lives of seniors through improved social and community services. Her activism impacted vulnerable seniors then; retired baby boomers are benefiting from her efforts and so will future cohorts of millennials when they retire.

We weep with you and your family at her going away from us and pray that you will be uplifted by the hope that although her earthly presence is gone from us, another life begins – a life nearer to our Heavenly Father.

The Bermuda Senior Islanders Centre and its network of seventeen affiliated senior groups across the Island wish you and your love ones heartfelt condolences.

Yours in our risen Lord,

**Fredrick R. Hassell, MBE
Director
