Dear Mr. Hassell,

Thank you for sending me a copy of the Bermuda Senior Islanders' Centre Newsletter.

As we promised in our election campaign, this government is committed to advancing the interests of seniors in our community and supporting them in every way we can. Everything we are able to create now is built upon foundations put down by our seniors, who wanted the best for the future of Bermuda. Please know that this Government wants the best for its seniors.

I appreciate being kept updated on your activities and look forward to receiving further copies of the newsletter.

Sincerely,
